

The 5th IEEE
International Conference
on Consumer Electronics – *Berlin*,
6 – 9 September 2015

How to get to IEEE 2015 ICCE-Berlin

While there are three S-Bahn stations around the IFA ground, the **best** one for the conference site is **station “Messe Süd”** on S-Bahn line **S-5** (direction “Spandau”, **1 stop from “Westkreuz”**, where it crosses the ring lines).

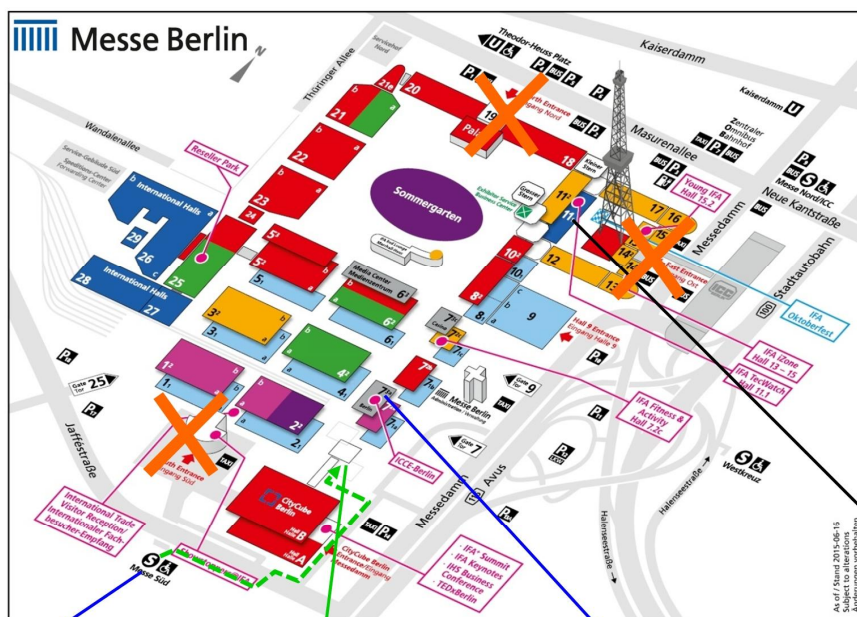

Leave the S-Bahn station “Messe Süd” at its **East exit (!)**, cross the road, walk around the CityCube Berlin building at its right side, then just walk up the stairs to the **entrance of Hall 7 and you are there. The Hall 7 entrance is the only IFA entrance that is open early enough for our conference to start at 09:00 h, all other IFA entrances (North, East and also South!) will open at 10:00 only – so please do avoid the other entrances!!!** And you need to have your **IFA ticket** with you to show to the staff! **The ICCE-Berlin conference is on the third floor, room 7.3 “Berlin”.**
