CALL FOR PAPERS

The 6th IEEE International Conference on Consumer Electronics – Berlin ("ICCE-Berlin") will be held from the 4th to 7th September 2016 in Berlin in parallel with the IFA, the leading trade show for Consumer Electronics and Home Appliances. The ICCE-Berlin is the European sister conference of the IEEE Consumer Electronics Society’s flagship conference “ICCE” held annually in Las Vegas in conjunction with the Consumer Electronics Show. Now in its 6th edition, ICCE-Berlin is well established and fully integrated in the IFA and continuously growing. This year again the IEEE CE Society is joining forces with other IEEE societies to broaden and strengthen the CE subjects and scope of the conference: the EMC Society, the Product Safety Engineering Society, the Reliability Society, and the Society of Social Implications of Technology.

Berlin, a birthplace of consumer electronics, is one of Europe’s most exciting cultural centres and a vibrant city. The conference will again bring together researchers and engineers from industry, research centres, and academia to exchange information and results of recent work on systems, circuits, technologies, processes, and applications. It will provide an excellent forum for the researchers, system developers, and service providers to share their ideas, designs and experiences in such a proper environment as the IFA. We have some of the world’s leading experts giving keynote speeches, and also high quality tutorials as well as panel discussions. There will be a doctoral workshop as well as a seminar and a social event for Young Professionals.

IEEE 2016 ICCE-Berlin is asking you for submissions of technical papers for oral and poster presentations. Prospective authors are invited to submit a 2-page abstract in any of the technical areas below as well as in other areas related to consumer electronics. The final paper may extend up to 5 pages. All accepted and presented (!) papers will be submitted to IEEE Xplore for publishing. Additionally, and new for 2016, we also encourage submission of abstracts for technical presentations within the industry track, for which no associated academic paper is required or published.

Important Dates
Abstract Submission Deadline: 10 March 2016
Notification of Acceptance: 15 April 2016
Final Paper Submission Deadline: 15 May 2016

Paper Submission at the ICCE-Berlin website www.icce-berlin.org

The conference committee also welcomes contributions related to consumer electronics from the associated IEEE societies of electro-magnetic compatibility, life sciences, product safety engineering, reliability, and social implications of technology.
Within the above subject areas or domains, the IEEE 2016 ICCE-Berlin especially requests contributions on the following subjects:

Audio and Video Technology
- DVBT and HDTV
- Audio Image and Video Processing
- Audio-Visual Recording and Storage
- Display Systems
- HD, UHD and 3D Video
- Smartphone
- Universal Touch Pad Application

Entertainment and Games
- Silver Games
- Video Handheld
- IPTV-Game System
- Networked AV/Multimedia

Car Electronics
- Automotive Computing
- AV & In Car Networking
- Driver Assistance
- Automotive Entertainment

Consumer Networks
- Smart Home
- Home Networking, Home Gateways
- Emerging Network Architectures
- Networking Standards
- Security and Privacy
- Data in the Cloud

RF & Wireless
- Antennas
- Modulation and Coding
- Software Radio
- Spectrum Usage
- Channel Equalization, MiMo, Diversity
- Mobile Reception

Human-Device Interaction
- User Centered Design
- Usability/Accessibility
- Haptics

Sports, Wellness and Home Healthcare
- Ambient Assisted Living
- Support systems for people with special demands
- Vital Parameter Monitoring
- Personal Robotics

Smart Energy
- Energy Harvesting and Efficiency
- Energy Generation, Storage and Management
- Smart Energy Devices and Apps
- Smart Grid & CE

Product Safety Engineering

Sustainable Electronics

International Advisors
Samad Ahmadi, GB
Francisco Bellido, ES
Robin Bradbeer, HK
Kartheinz Brandenburg, DE
Teodor Buburuzan, DE
Peter Corcoran, IE
Tom Coughlin, US
Steve Diamond, US
Daniel Diaz Sánchez, ES
Stephen Dukes, US
Wai-Chi Fang, TW
Jim Farmer, US
Bob Frankston, US
Nahum Gershon, US
Konstantin Glasman, RU
Tomohiro Hase, JP
Christian Hentschel, DE
Thorsten Herfert, DE
Alexander Huhn, DE
