

The IEEE Consumer Electronics Society has long stood for the highest levels of technical achievement. ICCE maintains that tradition of excellence in the consumer electronics and networking space. Associating your brand with ICCE through patronage enhances your brand perception among a select group of the world's best scientists, engineers, and executives. The patronage packages can help you showcase your brand's excellence to the IEEE-ICCE and the IFA (a partner of ICCE and VDE) community.

The IEEE International Conference on Consumer Electronics ICCE-Berlin is run in parallel with IFA <http://b2b.ifa-berlin.com/de/DielFA/HostedConferences/index-2.html> and held inside IFA ground in Berlin. It attracts a global mix of industry and academic participants and is an excellent opportunity to promote your company/organization to an audience of world-class researchers in the CE industry.

If you have any questions for your company, please contact Charlotte Kobert at ckobert@ieee.org or Francisco J. Bellido (Kiko), IEEE 2016 ICCE-Berlin Publicity Chair/Advisor at fjbellido@ieee.org
